My Mission in life is to be happy healthy enjoy my life fully and help others to do the same. I am constantly taking steps to move toward achieving my mission and right now, this is how I am doing it:

1. I am going back on **ChiroMission** – September 27, 2010 I will be going back to **Haiti and the Dominican Republic** for an extended mission of 10 days. I will be spending 4 days in **Haiti** in areas directly affected by the earthquake and several days in the poorest areas of the **Dominican Republic**.

- I am more motivated than ever to **save more lives through the power of chiropractic.**

- In efforts to help more people, on Thursday 8/19/10 Stern Chiropractic is hosting:

A Mission to Heal: A Benefit for ChiroMission

- *A Mission to Heal* is an **event** with a goal of **raising money** and **bringing awareness** to the lack of sufficient healthcare in Haiti and the Dominican Republic.

Please see the enclosed flyer for the event and Please, Please, Please – Share this with your friends. The more people that attend and the more people that bid on silent auction items – The more **\$\$\$\$** that **goes directly to those in need.** (Items will be available to bid on starting on Monday 8/16 & you need not be present to win but those at the event have the opportunity to beat all previous bids and WIN.)

I strongly encourage each and every one of you to **TAKE ACTION**, FOLLOW your PURPOSE and:

“Be the change you want to see in this world!”
